

Mobile Interface Kit

Single Mobile Interface Kits by Can-Com offer flexibility when using mobiles in a number of applications...

- Dispatch
- Heavy Equipment Operators
- Fork Lift Operators
- Crane Operators
- Racing
- Manufacturing
- Construction
- Public Safety

Heavy Duty die cast aluminum housing is set-up with maximum flexibility... PTT is standard in the housing but offers optional jacks for both remote finger and foot push-to-talks. Radio interface jack also allows the unit to be plugged into a number of different makes and models of radio (portable or mobile). Variety of head-set options are available.

Plug-in Radio Cables
