

## ULTRA LIGHT COVERT LISTEN-ONLY EARPIECE

OUR MOST DISCRETE EARPIECE -  
PRECISION SOUND QUALITY

**Model:** XLGS-3.5, XLG-3.5

### Product Description

The STEALTH from CanCom is the most covert earpiece on the market today. The thin, yet rugged 1mm cable precisely contours the ear and sits close to the head to provide a discreet, comfortable and secure fit. The small, in-ear transducer can be worn in either the left or right ear and delivers crystal clear audio.

The earpiece has truly revolutionized critical communication and is the premier choice for high performance security and law enforcement teams around the world.

**STEALTH... "QUIET, CLEAR, COVERT"**
