

XL Series Listen-only Earpieces

XL Series Listen-only Earpieces from CanCom provide the user with private receive audio transmission over their two-way radio. Four Earpiece styles to choose from, all delivering crisp/clear sound so you never miss important messages. Both short cords (for plug-in to speaker microphone audio jack) and long cords (to reach to radio on the belt) are available.

Part#: XLB-XX & XLBS-XX

Ear bud "In-Ear" style Listen-only. XLBS is short cord version, XLB is longer cord version. Ear buds have foam covers and can fit in left or right ear.

Part#: XLC-XX & XLCS-XX

C-Hook Ear bud "In-Ear" style Listen-only. XLCS has short cord while XLC is longer cord version. Ear buds have foam covers and can fit in left or right ear.

Part#: XLD-XX & XLDS-XX

D-Hook over-the-ear Listen-only speaker. XLDS has short cord, XLD is longer cord version. Speaker turns so it can be worn over the left or right ear.

Part#: XLF-XX & XLFS-XX

Flip style over-the-ear Listen-only speaker. XLFS has short cord while XLF is longer cord version. Speaker rotates so it can be worn over the left or right ear.
