ACTIVE NOISE CANCELLING STEREO HEADSET

HIGH DEFINITION STEREO HEADSET FOR YOUR SMART PHONE

Models: ANC-S1

Product Features

- Built-in noise reduction circuit inverting precision ANC, it can effectively cut off 85% of the background noise.
- Significant noise reduction for travel, work and anywhere in between.
- Deep, powerful sound for the music you love
- Over-the-ear comfort cushions and low clamping pressure for superior fit/feel... wear all day long.
- Low Profile fully adjustable band provides a compact fit for all head sizes. Suede-like padded material underneath for extra comfort.
- Easy access In-Line call answer button with high quality microphone. Also has the ANC on/off switch and battery indicator.
- Easy pivot ear cups fold for easy compact storage.
- Headset works without ANC should battery die.
- For use with your iPod, iPhone, Samsung, Android, other Smart phone and music players with 3.5 jack.
- Product Box Package Includes: headset with hardwired mic cable (3.5mm stereo plug), airline adapter, carrying bag, lithium battery and charging cable.
